

Cork Chair Mats

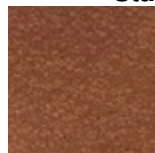

Our Cork Chair mats offer an appealing, natural alternative to traditional desk chair mats by bringing sustainable style with a durable design. Cork flooring is renowned for its resiliency, smooth feel and natural insulative properties. The chair mat surface is finished with a premium UV coating, which provides a smooth, protective rolling surface. This cork office chairmat will make a positive impact on the environment as well as the look of your office.

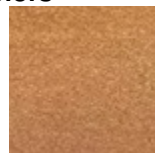

- Constructed of a 100% cork surface with HDF core.
- Felt backing keeps these mats in place on all hard floors and any carpet, including plush carpets up to 3/4" thick.
- These cork chair mats are over 1/3" (10 mm) thick yet can fold up for easy transporting and storage.
- Soft polyurethane or soft rubber chair wheels are ideal.
- Rounded mat corners prevent scratches, trips and falls while beveled edges allow for easy access on & off the mat.
- Each cork mat is finished with premium, eco-preferable UV-cured coating for ultimate protection.
