

## Heavy-Duty Rubber Rib Mats

Our Heavy-Duty Rubber Rib Mats are industrial grade SBR/EPDM molded rubber entrance mats which are perfect for high-traffic / heavy-use areas where extreme dirt, debris and moisture exist.

- The unique deep, wide rib design traps dirt and moisture while still providing a scraping surface.
- These ribs are spaced to allow dirt and water to fall in between these corrugations and run off the sides.
- 7/16" thick with beveled edges on all sides.
- Ribs run in the longer direction for all sizes.
- Heavy-duty rubber is non-staining, non-marking.
- To clean, simply sweep or hose off.
