Rubber Gym Mats: Rolls & Tiles

Rubber Gym Mats are precision cut and used to create safe, soft gym floors. Rolls fit together perfectly and lie flat without curling.

• Tiles can be used to create a sectional matting area or a wall-to-wall matting surface.

• These non-porous, indestructible rubber mats have textured surfaces and are excellent for use under heavy workout equipment, such as treadmills, stationery bikes, and weight-lifting machines.

• Non-porous, indestructible 1/4" or 3/8" rubber.

• They shield the floor from damage while protecting machines and exercise equipment from vibration and carpet fibers, which can build up within the equipments' moving mechanisms.

• NOTE: Tiles must be ordered in boxes of 7 pieces.

• NOTE: 4' Wide 1/4" Thick Rolls are only available in 10% / 20% Blue and 10% / 20% Grey. 30% Fleck is not available in 1/4" rolls.

Item No: GEV
